Financial Obligations

Students are expected to pay all financial obligations to the University by the due date established by the University each semester.

Official registration is not complete until the University Bursar’s Office has received payment or has been notified by the Office of Student Financial Aid that payment arrangements have been made. Failure to pay such obligations may result in the student not being allowed to receive official transcripts, enroll for subsequent semesters and be issued a State Hold (alert) to the Texas Comptroller’s Office. Financial obligations include, but are not limited to:

1. Tuition and fees;
2. Financial aid loans;
3. Returned checks;
4. Returned check charges;
5. Library fines or lost or damaged book charges;
6. Loss or breakage of instructional material or equipment;
7. Housing and Meal Plans;
8. Return of Title IV Funds;

If there is an unpaid balance and satisfactory payment arrangements are not made within 90 days of the end of the semester or term, the University may place any delinquent balance for collection with an outside collection agency. The student will reimburse the University all fees charged by any collection agency, which may be based on a percentage at maximum of 30% of the balance owed, and all fees and expenses, including reasonable attorney’s fees that are incurred by the University in such collection efforts. This will be assessed to the e-bill account and included in the balance due. The University reserves the right to report collection delinquencies to any or all credit bureaus.

The student account is considered by TAMU, an institution of higher learning, to be an educational loan made to the student to assist in the financing of their education and this debt is therefore not dischargeable under the United States Bankruptcy code.

**Tuition Rebate for Undergraduate Students**

The State of Texas is providing financial incentives for students who complete their undergraduate degree with no more than three hours in excess of the minimum number of semester credit hours required for graduation. The rebate for eligible students is a maximum of $1,000.

To be eligible for rebates under this program, students must meet all of the following conditions:

1. They must have enrolled for the first time in an institution of higher education in the Fall of 1997 semester or later;
2. They must have received a baccalaureate degree from a Texas public university;
3. They must have been a resident of Texas and entitled to pay resident tuition at all times while pursuing the degree; and
4. They must have attempted no more than three hours in excess of the minimum number of semester hours required to complete the degree under the catalog under which they were graduated. Hours attempted include transfer credits, course credit earned exclusively by examination, courses that are dropped after the official census date, and for-credit developmental courses.

Students desiring to qualify for the tuition rebate are responsible for complying with all university rules and regulations related to the administration of the program, and are solely responsible for enrolling only in courses that will qualify them for the rebate. Students who transfer from another institution, including out-of-state institutions, shall provide the university with official transcripts from each institution of higher education attended in order that the total number of hours attempted may be verified.

The amount of tuition rebate to students under this program is based on state guidelines. If a student entitled to a rebate has an outstanding balance owed to the University or to student loans, the University will apply the amount of the rebate to the balances owed. If the rebate exceeds the amount of indebtedness, the University will pay the student the remaining amount.

Application forms and instructions are available in the Office of the University Registrar, ZSC 121.
