Bachelor of Science with a major in Kinesiology with a Concentration in Exercise Science (BS)

Degree Requirements

HOURS REQUIRED
120 semester credit hours (SCH): 45 hours must be advanced, with fulfillment of degree requirements as specified in the "Requirements for Graduation" section of this catalog and the General Requirements for Undergraduate degrees at the beginning of this section.

The recommended minor option for the Exercise Science Concentration is Psychology from the College of Arts and Sciences. Select a minimum of 18 SCH from one discipline at least twelve of which must be at the 3000-4000 level. See Appendix C. Instead of a minor, students may complete 18 SCH of electives, 12 SCH of which must be at the 3000-4000 level, from any discipline.

Total Semester Credit Hours: 120

* Students pursuing the kinesiology concentrations from the College of Nursing and Health Sciences, who wish to change to the certification program must meet the requirements for admission for the College of Education.

Four-Year Degree Plan

Following is a suggested four-year degree plan. Students are encouraged to see their advisor each semester for help with program decisions and enrollment; responsible for reviewing the Program of Study Requirements; responsible for meeting all course prerequisites; and must meet foreign language and writing intensive course requirements for graduation. See Academic Regulations-Undergraduate online.

All courses required for completion of the Bachelor of Science in Kinesiology Concentration in Health and Fitness degree can be completed in four calendar years of full time study. Information on tuition, fees, and length of program can be found on the University website.

Some courses may require prerequisites not listed.
