

APPENDIX D: TEXAS COMMON COURSE NUMBERING SYSTEM

The Texas Common Course Numbering System was created to facilitate transfer of lower division course credits among Texas colleges and universities. As part of the TCCNS, a course matrix has been established with equivalencies between the common course and the course taught at Texas colleges and universities.

Below is the information on common course equivalent courses taught at TAMU. Additional information may be found at <http://www.tccns.org>. (<https://www.tccns.org/>)
