Graduate Degree Requirements

See Academic Regulations for Graduate Degrees for specific TAMU Regulations.

Workload Regulations: The maximum number of semester credit hours (SCH) that a graduate student can take is:

Semester	Semester Credit Hours
Regular Semester (fall or spring)	12 SCH
Each summer session	6 SCH

Any SCH load in excess of the above must be approved by the Dean of the A. R. Sanchez, Jr. School of Business Administration.

Graduate-Level Courses: Courses numbered 5000-level or above.

Special Issues Courses: Special Issues courses taken under course number 5199-5399 have a varying degree of semester credit hours (SCH). These courses, although generally taught as three semester credit hours, can also be set up for one or two semester credit hours.

S/U (Satisfactory/Unsatisfactory): This grade can be given for only pre-designated courses and may be used to satisfy degree requirements (e.g., business internships). For graduate students, a grade of "S" indicates achievement of 80 percent or greater for the course requirements. This grading criteria applies only to courses in the A. R. Sanchez, Jr. School of Business.

Academic Probation: If at the end of any semester, a graduate student's GPA for that semester is below 3.0, the student will be placed on academic probation.

Additional Master's Degree Policy: Students shall not be permitted to apply the same course credit to more than one master's degree.

International Students Language Requirement: International students who do not meet the language requirement for admission to the masters programs of the A. R. Sanchez, Jr. School of Business, may apply to the University's International Language Institute (ILI). Upon certification of English proficiency by ILI or receiving a score of 6.5 on the International English Language Testing System (IELTS) or 79/80 (Internet-based), or 550 (paper based) in the Test of English as a Foreign Language (TOEFL), students will be permitted to pursue a master's degree from the A. R. Sanchez, Jr. School of Business. Students pursuing a doctoral degree will need a minimum TOEFL score of 600 (paper-based) or 100 (internet-based). This score must be sent directly from the Educational Testing Service (ETS) and dated within two (2) years of enrollment.

Transfer of Credit: Students may request to transfer a maximum of two courses (6 SCH) of graduate coursework for which a grade of "B" or better was earned on each course at an accredited institution. Transfer credit may apply solely for elective/concentration courses; required courses that are part of the business graduate curriculum must be completed at TAMU. Students must complete a Request for Transfer of Credit Form and submit required documentation to the Graduate Advisor for processing. Request must be approved by both the Division Chair and Dean of the A. R. Sanchez, Jr. School of Business. Coursework that is part of a previously earned degree is not acceptable for transfer credit.

Time Limitation: No credit more than five (5) years old, counting from the catalog year in effect at registration, will be recognized as graduate credit applicable toward a masters level graduate degree unless validated by a qualifying examination conducted by the appropriate department. Any approved transfer coursework must fall within the 5-year time limitation.

Leave of Absence: Under unusual circumstances, a student may petition for a leave of absence. A petition for leave of absence is initiated by the student by submitting a *Leave of Absence Request* form. The Department/Advisory Committee Chair and College Dean must approve the petition and route it to the Graduate School. If the Graduate School Dean approves the petition, the registration requirement will be set aside during the period of leave. Leave will be granted only under conditions that require the suspension of all activities associated with pursuing the degree. For certain types of approved leave, such as medical, the time period for the completion of the degree will stop with the leave and begin when the student returns to the program. Other types of leave may not stop the time limit for the degree. A student should refer to the section on Time Limitation for master's and doctoral programs. A leave of absence is granted for one year. In a case of extenuating circumstances, the leave of absence can be extended by the student's Department/Advisory Committee Chair and the Graduate School Dean. A student who returns to the University after an approved leave of absence will not be required to submit an application for readmission to the Graduate School. An international student should visit with an Office of International Engagement advisor to find out how a leave of absence may impact the student's stay in or re-entry into the U.S.
