

EDSE 5350 - Assessment for Diag&Inter: Assessment for Diag&Inter (Sub I- Aug 25 to Oct 10)

Fall 2025 Syllabus, Section 680, CRN 17172

Instructor Information

Won G. Kim, Ph.D.

Associate Professor of Special Education

Email: won.kim@tamiu.edu

Office: Pellegrino Hall 302H

Office Hours:

Live chat or virtual meetings by appointment

Office Phone: (956) 326-2685

Times and Location

Does Not Meet Face-to-Face

Course Description

Additional Course Information

Use of AI Tools in this Course

Students are encouraged to explore and responsibly use artificial intelligence (AI) tools to enhance their learning, research, and professional development. AI tools, such as ChatGPT, Grammarly, or data analysis software, may be utilized for tasks such as brainstorming ideas, drafting content, refining writing, or analyzing data. However, students must adhere to the following guidelines:

- Transparency: Any use of AI must be disclosed in assignments, stating what tools were used and how they contributed to the final product.
- Academic Integrity: Students are responsible for ensuring that all work submitted reflects their own understanding and original thought. AI-generated content must be critically reviewed, edited, and appropriately cited if integrated into assignments.
- Limitations: AI tools should not replace essential learning processes, such as developing critical thinking skills, engaging in discussions, or conducting original research.
- Ethical Use: Students must use AI tools ethically and comply with academic policies, including avoiding plagiarism or misrepresentation of AI outputs as solely their own work.

The instructor reserves the right to request documentation of how AI tools were used in assignments. Misuse of AI in violation of these guidelines will result in appropriate academic consequences.

Program Learning Outcomes

1. **Mastery of Evidence-Based Practices:** Graduates will be able to design, implement, and evaluate evidence-based instructional strategies and interventions tailored to meet the diverse needs of individuals with exceptionalities across various educational settings.
2. **Exhibit Leadership and Advocacy Skills:** Graduates will demonstrate the ability to lead special education initiatives, advocate for individuals with exceptionalities, and collaborate effectively with families, educators, and community stakeholders to promote inclusive practices and policies.

3. Apply Scholarly Inquiry to Professional Practice: Graduates will engage in scholarly research, critically analyze current issues in special education, and apply research findings to improve educational practices and outcomes for individuals with exceptionalities.

Student Learning Outcomes

Upon successful completion of this course, each student is able to:

CO1: Examine assessments and evaluations in alignment with statutory mandates, regulatory directives, and professional codes of conduct.

CO2: Demonstrate understanding of the role of collaborative partnerships in assessment and intervention processes, including communication, collaborative assessment, intervention planning, cultural competence, and family-centered practice.

CO3: Analyze assessment and evaluation outcomes to discern students' educational needs across diverse curricular domains, facilitating informed decision-making.

CO4: Evaluate the criteria and protocols necessary for ascertaining eligibility of students with disabilities and determine their educational needs. CO5: Develop an educational blueprint grounded in assessment findings to address the unique educational needs of students with special needs.

CO6: Apply comprehension of cultural, linguistic, ethnic, and socioeconomic diversity to inform evaluation, strategizing, and pedagogical approaches.

CO7: Determine evidence-based pedagogical techniques and interventions that are effectively addressing the identified needs of students.

Important Dates

Visit the Academic Calendar (tamiu.edu) (<https://www.tamiu.edu/academiccalendar/>) page to view the term's important dates.

Textbooks

Group	Title	Author	ISBN
Required	Assessment in special and inclusive education. 13th ed.	Salvia, J., Ysseldyke, J. E., & Witmer, S.	9781305887329

Other Course Materials

Electronic copies of case law and related articles are provided in each module throughout the course.

To go to the bookstore, [click here \(https://www.bkstr.com/texasaminternationalstore/home\)](https://www.bkstr.com/texasaminternationalstore/home).

Grading Criteria

In determining the final course grade, the College of Education's Grading Scale is used.

GRADE	PERCENTAGE
A	90-100
B	80-89.9
C	70-79.9
D	60-69.9
F	Below 60

Open Boilerplate

In this course, the course week begins on Monday; therefore, Day 1 is Monday, and Day 7 is Sunday. Each module opens on Monday (Day 1) at 12:00 a.m. The submission for all assigned works is **due by at 11:00 p.m. on the designated day in Central time.**

- The due dates for Discussion Board are on Thursday (Day 4) for the initial post and on Sunday (Day 7) for two substantive responses to colleagues' post.
- There are six assignments that must be completed and submitted by Sunday (Day 7).

- Each module has a quiz to check for your understanding about topics covered, and it is due by Sunday (Day 7).
- The final exam for the course is scheduled on the last class day set by the University Academic Calendar from 4:00 to 7:00 PM.
- The course assignment descriptions, lecture materials, rubrics, and any additional course materials are available and embedded in each module.

A: 900+ points; B: 800-899 points; C: 700-799 points

ASSIGNMENT	VALUE
Syllabus Acknowledgement	10 points
Meet & Greet Forum	10 points
Discussion Forums (total 6)	20 points x 6 = 120 points
Module Assignments (total 6)	50 points x 6 = 300 points
Module Quizzes (total 7)	60 points x 6 = 360 points
Final Exam	200 points

Schedule of Topics and Assignments

Week of	Agenda/Topic	Reading(s)	Due
8/25	Module I. Assessment & Laws, Legal Issues, and Professional Standards That Impact Assessment	Course syllabus; Chapter 1. Assessment in Social and Educational Context; Chapter 3. Laws, Ethical Codes, and Professional Standards that Impact Assessment; Article - The Role of Educational Diagnostician	** The submission for all assigned works is due by at 11:00 p.m. on the designated day in Central time. (1) Syllabus Acknowledgement and Meet & Greet Forum - Day 3; (2) Discussion Forum #1: Initial post - Day 4; Substantive Responses to colleagues' posts - Day 7; (3) Assignment #1 - Day 7; (4) Module 1 Quiz - Day 7
9/1	Module II. FIIE & Special Education Eligibility Decision-Making Process	Chapter 2. Assessment and Decision Making in Schools; Chapter 21. Making Special Education Eligibility Decisions; Procedural safeguards by Texas Education Agency	(1) Discussion Forum #2: Initial post - Day 4; Substantive Responses to colleagues' posts - Day 7; (2) Assignment #2 - Day 7; (3) Module 2 Quiz - Day 7
9/8	Module III. Collaborative Team Decision Making & IEP Development	Chapter 23. Collaborative Team Decision-Making; Article - The SPED Referral and Decision-Making Process for English Language Learners: Child Study Team Meetings and Placement Conferences	(1) Discussion Forum #3: Initial post - Day 4; Substantive Responses to colleagues' posts - Day 7; (2) Assignment #3 - Day 7; (3) Module 3 Quiz - Day 7
9/15	Module IV. Data-Driven Educational Decisions & RTI/MTSS Model	Chapter 12. RTI & MTSS; Chapter 20. Using Assessment Results to make Educational Decisions; Article - Response to Intervention: A Research-Based Summary	(1) Discussion Forum #4: Initial post - Day 4; Substantive Responses to colleagues' posts - Day 7; (2) Assignment #4 - Day 7; (3) Module 4 Quiz - Day 7
9/22	Module V. Identification of Specific Learning Disabilities & Key Standards for Educational Diagnosticians in Texas	Chapters 6. Cultural and Linguistic Considerations; Chapter 7. Using test Adaptations and Accommodations; Article - Ethical and Empirical Considerations in the Identification of LD; Educational Diagnostician Preparation Manual	(1) Discussion Forum #5: Initial post - Day 4; Substantive Responses to colleagues' posts - Day 7; (2) Assignment #5 - Day 7; (3) Module 5 Quiz - Day 7
9/29	Module VI. Interpretation of Test Scores and Standardized Assessment, & Functional Behavioral Assessment (FBA)	Chapter 4. What Test Scores Mean; Chapter 5. Technical Requirements; Chapter 19. Using Measures of Social and Emotional Behavior; Article - Recent Case Law Regarding FBA	(1) Discussion Forum #6: Initial post - Day 4; Substantive Responses to colleagues' posts - Day 7; (2) Assignment #6 - Day 7; (3) Module 6 Quiz - Day 7
10/6	Module VII. Review of Topics Covered over the Course	Notes Taken; Learning Materials Linked to Questions in Each Module; PPT Slides	Final Exam Set on the Last Class Day (10/10) 4:00-8:00 PM in Central Time

University/College Policies

Please see the University Policies below.

COVID-19 Related Policies

If you have tested positive for COVID-19, please refer to the Student Handbook, Appendix A (Attendance Rule) for instructions.

Required Class Attendance

Students are expected to attend every class in person (or virtually, if the class is online) and to complete all assignments. If you cannot attend class, it is your responsibility to communicate absences with your professors. The faculty member will decide if your excuse is valid and thus may provide lecture materials of the class. According to University policy, acceptable reasons for an absence, which cannot affect a student's grade, include:

- Participation in an authorized University activity.
- Death or major illness in a student's immediate family.
- Illness of a dependent family member.
- Participation in legal proceedings or administrative procedures that require a student's presence.
- Religious holy day.
- Illness that is too severe or contagious for the student to attend class.
- Required participation in military duties.
- Mandatory admission interviews for professional or graduate school which cannot be rescheduled.

Students are responsible for providing satisfactory evidence to faculty members within seven calendar days of their absence and return to class. They must substantiate the reason for the absence. If the absence is excused, faculty members must either provide students with the opportunity to make up the exam or other work missed, or provide a satisfactory alternative to complete the exam or other work missed within 30 calendar days from the date of absence. Students who miss class due to a University-sponsored activity are responsible for identifying their absences to their instructors with as much advance notice as possible.

Classroom Behavior (applies to online or Face-to-Face Classes)

In the classroom, students are expected to listen attentively, participate respectfully, and adhere to established rules. Behavior that interferes with the class lecture may result in disciplinary action, ensuring a productive and respectful learning environment for everyone. Any disputes over academic matters should be addressed calmly and constructively, ideally during designated times such as office hours or after class. If a student does not agree with a decision, they can request a meeting with the instructor to discuss their concerns in more detail. Should further resolution be needed, the student may escalate the matter to the department head or use formal grievance procedures as outlined in the sections below. (please refer to Student Handbook Article 4 (<https://www.tamtu.edu/handbook/article-04.shtml>)).

TAMU Honor Code: Plagiarism and Cheating

As a TAMU student, you are bound by the TAMU Honor Code to conduct yourself ethically in all your activities as a TAMU student and to report violations of the Honor Code. Please read carefully the Student Handbook Article 7 and Article 10 available at Student Handbook (<https://www.tamtu.edu/handbook/index.shtml>).

We are committed to strict enforcement of the Honor Code. Violations of the Honor Code tend to involve claiming work that is not one's own, most commonly plagiarism in written assignments and any form of cheating on exams and other types of assignments.

Plagiarism is the presentation of someone else's work as your own. It occurs when you:

1. Borrow someone else's facts, ideas, or opinions and put them entirely in your own words. You must acknowledge that these thoughts are not your own by immediately citing the source in your paper. Failure to do this is plagiarism.
2. Borrow someone else's words (short phrases, clauses, or sentences), you must enclose the copied words in quotation marks as well as citing the source. Failure to do this is plagiarism.
3. Present someone else's paper or exam (stolen, borrowed, or bought) as your own. You have committed a clearly intentional form of intellectual theft and have put your academic future in jeopardy. This is the worst form of plagiarism.

Here is another explanation from the 2020, seventh edition of the Manual of The American Psychological Association (APA):

"Plagiarism is the act of presenting the words, idea, or images of another as your own; it denies authors or creators of content the credit they are due. Whether deliberate or unintentional, plagiarism violates ethical standards in scholarship" (p. 254). This same principle applies to the illicit use of AI.

Plagiarism: Researchers do not claim the words and ideas of another as their own; they give credit where credit is due. Quotations marks should be used to indicate the exact words of another. Each time you paraphrase another author (i.e., summarize a passage or rearrange the order of a sentence

and change some of the words), you need to credit the source in the text. The key element of this principle is that authors do not present the work of another as if it were their own words. This can extend to ideas as well as written words. If authors model a study after one done by someone else, the originating author should be given credit. If the rationale for a study was suggested in the discussion section of someone else's article, the person should be given credit. Given the free exchange of ideas, which is very important for the health of intellectual discourse, authors may not know where an idea for a study originated. If authors do know, however, they should acknowledge the source; this includes personal communications (p. 11). For guidance on proper documentation, consult the Academic Success Center or a recommended guide to documentation and research such as the Manual of the APA or the MLA Handbook for Writers of Research Papers. If you still have doubts concerning proper documentation, seek advice from your instructor prior to submitting a final draft.

TAMIU has penalties for plagiarism and cheating.

- **Penalties for Plagiarism:** Should a faculty member discover that a student has committed plagiarism, the student should receive a grade of 'F' in that course and the matter will be referred to the Honor Council for possible disciplinary action. The faculty member, however, may elect to give freshmen and sophomore students a "zero" for the assignment and to allow them to revise the assignment up to a grade of "F" (50%) if they believe that the student plagiarized out of ignorance or carelessness and not out of an attempt to deceive in order to earn an unmerited grade; the instructor must still report the offense to the Honor Council. This option should not be available to juniors, seniors, or graduate students, who cannot reasonably claim ignorance of documentation rules as an excuse. For repeat offenders in undergraduate courses or for an offender in any graduate course, the penalty for plagiarism is likely to include suspension or expulsion from the university.
 - *Caution:* Be very careful what you upload to Turnitin or send to your professor for evaluation. Whatever you upload for evaluation will be considered your final, approved draft. If it is plagiarized, you will be held responsible. The excuse that "it was only a draft" will not be accepted.
 - *Caution:* Also, do not share your electronic files with others. If you do, you are responsible for the possible consequences. If another student takes your file of a paper and changes the name to his or her name and submits it and you also submit the paper, we will hold both of you responsible for plagiarism. It is impossible for us to know with certainty who wrote the paper and who stole it. And, of course, we cannot know if there was collusion between you and the other student in the matter.
- **Penalties for Cheating:** Should a faculty member discover a student cheating on an exam or quiz or other class project, the student should receive a "zero" for the assignment and not be allowed to make the assignment up. The incident should be reported to the chair of the department and to the Honor Council. If the cheating is extensive, however, or if the assignment constitutes a major grade for the course (e.g., a final exam), or if the student has cheated in the past, the student should receive an "F" in the course, and the matter should be referred to the Honor Council. Additional penalties, including suspension or expulsion from the university may be imposed. Under no circumstances should a student who deserves an "F" in the course be allowed to withdraw from the course with a "W."
 - *Caution:* Chat groups that start off as "study groups" can easily devolve into "cheating groups." Be very careful not to join or remain any chat group if it begins to discuss specific information about exams or assignments that are meant to require individual work. If you are a member of such a group and it begins to cheat, you will be held responsible along with all the other members of the group. The TAMIU Honor Code requires that you report any such instances of cheating.
- **Student Right of Appeal:** Faculty will notify students immediately via the student's TAMIU e-mail account that they have submitted plagiarized work. Students have the right to appeal a faculty member's charge of academic dishonesty by notifying the TAMIU Honor Council of their intent to appeal as long as the notification of appeal comes within 10 business days of the faculty member's e-mail message to the student and/or the Office of Student Conduct and Community Engagement. The Student Handbook provides more details.

Use of Work in Two or More Courses

You may not submit work completed in one course for a grade in a second course unless you receive explicit permission to do so by the instructor of the second course. In general, you should get credit for a work product only once.

AI Policies

Your instructor will provide you with their personal policy on the use of AI in the classroom setting and associated coursework.

TAMIU E-Mail and SafeZone

Personal Announcements sent to students through TAMIU E-mail (tamiu.edu or dusty email) are the official means of communicating course and university business with students and faculty –not the U.S. Mail and no other e-mail addresses. Students and faculty must check their TAMIU e-mail accounts regularly, if not daily. Not having seen an important TAMIU e-mail or message from a faculty member, chair, or dean is not accepted as an excuse for failure to take important action.

Students, faculty, and staff are encouraged to download the SafeZone app, which is a free mobile app for all University faculty, staff, and students. SafeZone allows you to: report safety concerns (24/7), get connected with mental health professionals, activate location sharing with authorities, and anonymously report incidents. Go to SafeZone (<https://www.tamiu.edu/adminis/police/safezone/index.shtml>) for more information.

Copyright Restrictions

The Copyright Act of 1976 grants to copyright owners the exclusive right to reproduce their works and distribute copies of their work. Works that receive copyright protection include published works such as a textbook. Copying a textbook without permission from the owner of the copyright

may constitute copyright infringement. Civil and criminal penalties may be assessed for copyright infringement. Civil penalties include damages up to \$100,000; criminal penalties include a fine up to \$250,000 and imprisonment. Copyright laws do not allow students and professors to make photocopies of copyrighted materials, but you may copy a limited portion of a work, such as article from a journal or a chapter from a book for your own personal academic use or, in the case of a professor, for personal, limited classroom use. In general, the extent of your copying should not suggest that the purpose or the effect of your copying is to avoid paying for the materials. And, of course, you may not sell these copies for a profit. Thus, students who copy textbooks to avoid buying them or professors who provide photocopies of textbooks to enable students to save money are violating the law.

Students with Disabilities

Texas A&M International University seeks to provide reasonable accommodations for all qualified persons with disabilities. This University will adhere to all applicable federal, state, and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal education opportunity. It is the student's responsibility to register with the Office of Disability Services for Students located in Student Center 124. This office will contact the faculty member to recommend specific, reasonable accommodations. Faculty are prohibited from making accommodations based solely on communications from students. They may make accommodations only when provided documentation by the Office of Disability Services for Students.

For accommodations or assistance with disabilities, contact the Disability Coordinator, Karla Pedraza, at karla.pedraza@tamiu.edu, call 956.326.2763, or visit Student Center 124.

Student Attendance and Leave of Absence (LOA) Policy

As part of our efforts to assist and encourage all students towards graduation, TAMIU provides LOA's for students, including pregnant/parenting students, in accordance with the Attendance Rule (Section 3.07) and the Student LOA Rule (Section 3.08), which includes the "Leave of Absence Request" form. Both rules can be found in the TAMIU Student Handbook (URL: [Student Handbook \(https://www.tamiu.edu/handbook/index.shtml\)](https://www.tamiu.edu/handbook/index.shtml)).

Pregnant and Parenting Students

Under Title IX of the Education Amendments of 1972, harassment based on sex, including harassment because of pregnancy or related conditions, is prohibited. A pregnant/parenting student must be granted an absence for as long as the student's physician deems the absence medically necessary. It is a violation of Title IX to ask for documentation relative to the pregnant/parenting student's status beyond what would be required for other medical conditions. Students who experience or observe alleged or suspected discrimination due to their pregnant/parenting status, should report to the TAMIU Title IX Coordinator (Lorissa M. Cortez, 5201 University Boulevard, KLM 159B, Laredo, TX 78041, TitleIX@tamiu.edu, 956.326.2857) and/or the Office of Civil Rights (Dallas Office, U.S. Department of Education, 1999 Bryan Street, Suite 1620, Dallas, TX 75201-6810, 214.661.9600). You can also report it on TAMIU's anonymous electronic reporting site, *Report It*, at <https://www.tamiu.edu/reportit> (<https://www.tamiu.edu/reportit/index.shtml>).

TAMIU advises a pregnant/parenting student to notify their professor once the student is aware that accommodations for such will be necessary. It is recommended that the student and professor develop a reasonable plan for the student's completion of missed coursework or assignments. The Office of Compliance (Lorissa M. Cortez, lorissam.cortez@tamiu.edu) can assist the student and professor in working out the reasonable accommodation. For other questions or concerns regarding Title IX compliance related to pregnant/parenting students, contact the Title IX Coordinator. In the event that a student needs a leave of absence for a substantial period of time, TAMIU urges the student to consider a Leave of Absence (LOA) as outlined in the TAMIU *Student Handbook*.#As part of our efforts to assist and encourage all students towards graduation, TAMIU provides LOAs for students, including pregnant/parenting students, in accordance with the Attendance Rule and the Student LOA Rule.#Both rules can be found in the TAMIU *Student Handbook*.

For parenting-related rights, accommodations, and resources, contact the Parenting Liaison, Mayra Hernandez, at mghernandez@tamiu.edu, call 956.326.2265, or visit Student Center 226.

For pregnancy-related rights, accommodations, and resources, contact the TIX Coordinator, Lorissa Cortez, at lorissam.cortez@tamiu.edu, call 956.326.2857, or visit Killam Library 159.

Anti-Discrimination/Title IX

TAMIU does not discriminate or permit harassment against any individual on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, educational programs, or employment. If you would like to file a complaint relative to Title IX or any civil rights violation, please contact the TAMIU Director of Equal Opportunity and Diversity/Title IX Coordinator, Lorissa M. Cortez, 5201 University Boulevard, Killam Library 159B, Laredo, TX 78041, TitleIX@tamiu.edu, 956.326.2857, via the anonymous electronic reporting website, *ReportIt* (<https://www.tamiu.edu/reportit>) and/or the Office of Civil Rights (Dallas Office), U.S. Department of Education, 1999 Bryan Street, Suite 1620, Dallas, TX 75201-6810, 214.661.9600.

Incompletes

Students who are unable to complete a course should withdraw from the course before the final date for withdrawal and receive a “W.” To qualify for an “incomplete” and thus have the opportunity to complete the course at a later date, a student must meet the following criteria:

1. The student must have completed 90% of the course work assigned before the final date for withdrawing from a course with a “W”, and the student must be passing the course;
2. The student cannot complete the course because an accident, an illness, or a traumatic personal or family event occurred after the final date for withdrawal from a course;
3. The student must sign an “Incomplete Grade Contract” and secure signatures of approval from the professor and the college dean.
4. The student must agree to complete the missing course work before the end of the next long semester; failure to meet this deadline will cause the “I” to automatically be converted to an “F”; extensions to this deadline may be granted by the dean of the college. This is the general policy regarding the circumstances under which an “incomplete” may be granted, but under exceptional circumstances, a student may receive an incomplete who does not meet all of the criteria above if the faculty member, department chair, and dean recommend it.

WIN Contracts

The Department of Biology and Chemistry does not permit WIN contracts. For other departments within the college, WIN Contracts are offered only under exceptional circumstances and are limited to graduating seniors. Only courses offered by full-time TAMIU faculty or TAMIU instructors are eligible to be contracted for the WIN requirement. However, a WIN contract for a course taught by an adjunct may be approved, with special permission from the department chair and dean. Students must seek approval before beginning any work for the WIN Contract. No student will contract more than one course per semester. Summer WIN Contracts must continue through both summer sessions.

Student Responsibility for Dropping a Course

It is the responsibility of the student to drop the course before the final date for withdrawal from a course. Faculty members, in fact, may not drop a student from a course without getting the approval of their department chair and dean.

Independent Study Course

Independent Study (IS) courses are offered only under exceptional circumstances. Required courses intended to build academic skills may not be taken as IS (e.g., clinical supervision and internships). No student will take more than one IS course per semester. Moreover, IS courses are limited to seniors and graduate students. Summer IS course must continue through both summer sessions.

Grade Changes & Appeals

Faculty are authorized to change final grades only when they have committed a computational error or an error in recording a grade, and they must receive the approval of their department chairs and the dean to change the grade. As part of that approval, they must attach a detailed explanation of the reason for the mistake. Only in rare cases would another reason be entertained as legitimate for a grade change. A student who is unhappy with his or her grade on an assignment must discuss the situation with the faculty member teaching the course. If students believe that they have been graded unfairly, they have the right to appeal the grade using a grade appeal process in the Student Handbook and in the Faculty Handbook.

Final Examination

All courses in all colleges must include a comprehensive exam or performance and be given on the date and time specified by the Academic Calendar and the Final Exam schedule published by the Registrar’s Office. In the College of Arts & Sciences all final exams must contain a written component. The written component should comprise at least 20% of the final exam grade. Exceptions to this policy must receive the approval of the department chair and the dean at the beginning of the semester.

Mental Health and Well-Being

The university aims to provide students with essential knowledge and tools to understand and support mental health. As part of our commitment to your well-being, we offer access to Telus Health, a service available 24/7/365 via chat, phone, or webinar. Scan the QR code to download the app and explore the resources available to you for guidance and support whenever you need it. The Telus app is available to download directly from TELUS (tamiu.edu) (<https://www.tamiu.edu/counseling/telus/>) or from the Apple App Store and Google Play.

Distance Education Courses

Course Structure

This course contains seven learning modules. Each module consists of learning objectives and tasks, including assigned readings, discussion forum, related activities, and assignment(s). In each module, students are required to (a) complete the assigned readings, (b) participate in discussion forums through being engaged in an initial post and peer replies, (c) complete an assignment, and (d) respond to questions on quiz.

To keep up with the class and important announcements, students are expected to log on daily. On-line class can be both challenging and exciting. To succeed in this course, students need to commit the time and effort to actively participate in learning process and complete the assigned tasks by the due date.

Student-Instructor Communication Policy and Response Time

Course Messages/Emails

When communicating with Dr. Kim, email is the preferred method of contact. Please do not use course messages. To ensure a successful and professional exchange, it's important to follow a few guidelines.

- Be sure to use your TAMIU-issued email address (also known as your "dusty email"). This will help ensure that Dr. Kim receives your message. External emails may not be received, so it is important to use your TAMIU email account.
- When composing your email, start with addressing "To whom..." and make sure your full name appears in the "From" field, including a course title and number. This will help Dr. Kim quickly identify you and address your message.
- Use a clear and informative subject line that summarizes the purpose of your email. This will help Dr. Kim prioritize her responses and ensure that your message doesn't get overlooked.
- Finally, be patient and allow appropriate time for a response. Dr. Kim aims to respond to emails within 24 hours during weekdays, but may need longer on weekends or holidays.

Assignments and Assessments

Feedback for assignments will be provided within five days from the assignment deadline unless specified otherwise. Students will be given notification of any delay if there are delays due to unforeseen circumstances.

Course Communication Guidelines (Netiquette)

There are course expectations concerning etiquette or how we should treat each other online. We must consider these values as we communicate with one another. Visit **Instructional Technology and Distance Education Services' web page on Netiquette** (<http://www.tamtu.edu/distance/students/netiquette.shtml>) for further instruction.

Accommodations/Accessibility Policy

Texas A&M International University seeks to provide reasonable accommodation for all qualified persons with disabilities. This University will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to register with the Director of Student Counseling and to contact the faculty member in a timely fashion to arrange for suitable accommodation. For more information, contact the online at **Office of Disability Services for Students (DSS)**, via phone at 956.326.3086 or by visiting the staff at the Student Center, room 118. A link to the Disabilities Services for Students site has also been included under the "Resources" tab inside the course.

Student Support Resources

The University wishes to have all students succeed in their courses. To provide support to our students, an array of services in the areas of technology support, academic support, student support, and accessibility support may be found at the University. For more information, visit the Instructional Technology and Distance Education Services page on **University Resources and Support Services**.

Computer/Technology Requirements

When participating in distance education courses, it is vital to consider the technology involved in order to have a successful course. Online students will need regular access to a personal computer that runs on a broadband Internet connection.

It is recommended that you meet the technical requirements listed on the Instructional Technology and Distance Education Services' webpage when using the learning management system (LMS) of the University.

Additional Hardware. For this class, you will need the following additional hardware: a webcam and microphone. Recently purchased laptops may have these built-in web cameras. If you do not have this equipment, it is recommended to purchase a stand-alone webcam, microphone, or a webcam with a built-in microphone from your local electronic store or any online store.

NOTE: Instructional Technology and Distance Education Services may check out available webcams to students on a first-come, first-served basis. To check out a webcam, please stop by Killam Library, Room 259, and request an available webcam.

Additional Software. You will need the following additional software: Microsoft PowerPoint for viewing lesson presentations and Microsoft Word for viewing course files and submitting assignments. TAMIU Students may access online versions of this software through their Dusty Office 365

account at <https://dusty.tamui.edu/>. This site also provides students access to download the Microsoft suite for educational use. **See instructions for downloading the Microsoft Office suite.**

Note: Students, if you do not own the required hardware or software or do not have access to the Internet, it will be highly challenging for you to make any progress in this class. However, my goal is to assist you in finding solutions and guide you appropriately most of the required materials can either be found free of charge at TAMIU's library, classrooms, and available computer labs. **Visit Media Services' web page on the availability of on-campus computer labs.** In addition, you may also purchase any of these items at any electronic store.

Learning Management System (Blackboard)

Students are provided with an orientation (*eLearning (Blackboard) Student Orientation*) and access to guides on how to use the Blackboard LMS. Guides may be available at **Instructional Technology and Distance Education Services' Student eLearning Tutorial Videos page** or by contacting the eLearning team at elarning@tamui.edu.

Minimum Technical Skills Expected

When participating in distance education courses, it is vital to consider the technology involved in order to have a successful course. Students in distance education should have knowledge of basic computer and Internet skills, as mentioned on the **Instructional Technology and Distance Education Services' webpage**.

Technical Support Services

Because of the nature of distance education courses, the Office of Information Technology (OIT) computing and information services are vital to the success of online students. This webpage covers contact information for Distance Education Services (Blackboard Support), the OIT Help Desk, and E-mail support: **Technical Support Services**.

Late Work Policy

Late or Missing Assignments/Task Policy: Unless extenuating circumstances exist (as defined in the University Policies), late or missing assignments/tasks will not be accepted. In cases of extenuating circumstances, students must promptly discuss the situation with the instructor.

Important Notes:

1. Late homework sets submitted without instructor approval will receive zero credit.
2. Due dates for each assignment are published in the Tentative Course Schedule.
3. Assignments submitted by 11:00 PM Central Standard Time on the due date will be considered on time.
4. Technical difficulties will not be accepted as an excuse for late or missed work.

Course Evaluation

At the end of this course, students are encouraged to complete a course evaluation that will be distributed to them via email and through a course link.

Proctoring

Respondus LockDown Browser (Free) and Monitor (\$15 fee) Requirement

This course requires the use of LockDown Browser and Respondus Monitor (webcam) for online exams. The webcam can be built into your computer or can be the type that plugs in with a USB cable.

Watch this short video (<http://www.respondus.com/products/lockdown-browser/student-movie.shtml>) to get a basic understanding of LockDown Browser and Respondus Monitor (the webcam feature). A student Quick Start Guide (PDF) (<http://www.respondus.com/products/monitor/guides.shtml>) is also available.

Download Instructions

Click the Student Support top-middle tab located in Blackboard. Scroll down to the Instructional Technologies section, and click on the Respondus LockDown Browser icon. Download is free.

Once Installed,

1. Open LockDown Browser
2. Log into Blackboard Learn
3. Navigate to the test and begin

Note: You won't be able to access tests with a standard web browser. If this is tried, an error message will indicate that the test requires the use of LockDown Browser. Simply start LockDown Browser and navigate back to the exam to continue.

Accessibility and Privacy Statements on Course Technologies

At Texas A&M International University, we believe that all students should have equal technology opportunities in the classroom. These technologies/sites may also require user data, such as the creation of a username and password. You may find the accessibility and privacy policies of the technologies used in this class on the following pages: **Accessibility Statements and Privacy Statements**.

Syllabus Subject to Change

While information and assurances are provided in this course syllabus, it should be understood that content may change in keeping with new research and literature and that events beyond the control of the instructor could occur. Students will be informed of any substantive occurrences that will produce syllabus changes.
