

PSYC 3310 - Advanced Biological Psychology

Fall 2026 Syllabus, Section 102, CRN 19491

Instructor Information

Vanessa Cerda

Assistant Professor of Psychology

Email: vanessa.cerda@tamiu.edu

Office: AIC 377

Office Hours:

T - 10:00am-12:00pm

R - 4:00pm-5:00pm

Office Phone: (956) 326-2980

Times and Location

TR 8:30am-9:50am in Pellegrino Hall 116

Course Description

This course examines the biological basis of behavior, including a detailed look at the neural basis of psychological systems from sensory organs to perception. Students learn the anatomical, chemical, and physiological mechanics of neural communication, topographic organization of sensory systems, and cortical representation of sensory perception. Students will become familiar with how these biological mechanisms relate to key issues in psychology such as pain perception, attention, and language.

Psychology & Communication Department, College of Arts & Sciences

Additional Course Information

Policy on use of Artificial Intelligence (AI)

The use of AI is welcome in my class, in fact I encourage it. However, when AI is used in any form for any submitted assignment, students must disclose how and why it was used and what prompts were given to the AI technologies. For example,

"AI was used to create an initial outline for my written assignment using the prompt 'create an outline that discusses the stages of neuronal communication'"

or

"AI tools embedded into PowerPoint were used to design presentation slides and suggest relevant content".

If it becomes apparent that AI was used on an assignment without full disclosure from the student or AI was used above and beyond what was disclosed, this will result in a 0 on that assignment for the first offense and a failing grade in the class combined with a submitted report to the honors council for the second offense. Please note that AI should only be used as a powerful supplemental tool for learning, and students must contribute an overwhelming majority of the intellectual and creative effort to all submitted assignments. Students are responsible for saving both the original AI output in response to their prompts and unedited drafts of their work in the event that further review is necessary to determine the level of intellectual and creative effort contributed by the student.

*Note that use of revision tools like Grammarly must be disclosed as indicated above.

Student Learning Outcomes

At the end of this course, learners will be able to:

1. Identify the major structures of the brain as they relate to specific behaviors
2. Describe the chemical and physiological mechanics of neural communication
3. Compare the topographic organization of sensory systems and describe the pathways of communication for those systems.
4. Identify how biological mechanisms relate to key issues in psychology such as pain perception, attention, and language.

Important Dates

Visit the Academic Calendar (tamiu.edu) (<https://www.tamiu.edu/academiccalendar/>) page to view the term's important dates.

Textbooks

Group	Title	Author	ISBN
Required	The Mind's Machine: Foundations of Brain and Behavior (4th edition; Note: Previous editions are acceptable but are slightly reordered and are missing some added features)	Watson and Breedlove	
Required	TopHat		

Other Course Materials

Class attendance is required and will be recorded using **Top Hat**. Top Hat can be used on mobile devices and/or laptops, and **you will need access to a device** during class time.

Portions of in-person course exams will be administered via blackboard during the assigned class period. All exams will be proctored using the Respondus LockDown Browser. Respondus is a free tool for TAMIU students this semester. Be sure to bring your devices for exams, and **make sure they are fully charged!!!** If you need access to a device, please take advantage of TAMIU's Loaner Laptop Program (<https://www.tamiu.edu/precollege/loaner-laptop-program.shtml>).

Grading Criteria

Course Grading Overview

This course will consist of 4 content units, as indicated in the course schedule. Units 1-3 will conclude with unit exams covering material presented within each unit. The content for Unit 4 will be included in the final exam in addition to questions covering a combination of all other units.

The final course grade will be calculated based on attendance quizzes (20%), the average of the 2 highest unit exam grades (50%), and the final exam (30%).

Class Attendance

Class attendance is mandatory and will be recorded in the form of quizzes administered via Top Hat during the assigned class time. No makeup attendance quizzes will be administered for this course regardless of the reason. Instead, the **3 lowest attendance quiz grades will be automatically dropped** from the final average.

Unit Exams

Exams for each unit will be administered in person during the scheduled class time as indicated in the schedule. No exams will be administered outside of the scheduled class time, except when necessary to meet disability services accommodations. No makeup exams will be administered for this course regardless of the reason. Instead, the **lowest of the 3 unit exam grades will be automatically dropped from the final average**.

Although the content of each exam is subject to change, I will keep the exam dates the same as listed, whenever possible. This will allow students to arrange their schedules in advance.

Final Exam

As stated above, the final exam will cover material from all content units, with approximately 50% of the questions covering Units 1-3 and 50% covering Unit 4. Final exam location and time is to be determined, according to TAMU's final exam schedule. Please refer to the university registrar calendar for more details.

Extra Credit

Extra credit assignments will be assigned at the discretion of the instructor, and when assigned, extra credit will be available to all students enrolled in the class.

Final Letter Grades

Final course grades will be assigned as follows:

GRADE	PERCENTAGE
A	100.00 - 90.00
B	89.99 - 80.00
C	79.99 - 70.00
D	69.99 - 60.00
F	Below 60

Grade Breakdown at a Glance

See Blackboard for a sample grade calculator for this course.

COURSE	VALUE
Attendance Quizzes	20%
2 Highest Unit Exam Grades	50%
Final Exam	30%

Tentative Course Schedule *SUBJECT TO CHANGE*****

Day	Date	Agenda/Topic	Reading(s)	Due
Tue	8/25	Unit 1 - The Nervous System: Course Introduction	Syllabus Intro Chapter	
Thu	8/27	Unit 1 - The Nervous System: Cells and Structure	Chapter 1	
Tue	9/1	Unit 1 - The Nervous System: Cells and Structure cont...	Chapter 1	
Thu	9/3	Unit 1 - The Nervous System: Gross Neuroanatomy	Chapter 1	
Tue	9/8	Unit 1 - The Nervous System: Gross Neuroanatomy cont...	Chapter 1	
Thu	9/10	Unit 1 - The Nervous System: Neurophysiology	Chapter 2.1	
Tue	9/15	Unit 1 - The Nervous System: Neurophysiology cont...	Chapter 2.2	
Thu	9/17	Unit 1 - The Nervous System: EXAM 1		
Tue	9/22	Unit 2 - Neuro Rhythms, Neurochemistry and Chapter 2 Feelings: Synaptic Transmission		
Thu	9/24	Unit 2 - Neuro Rhythms, Neurochemistry and Chapter 2.2; Chapter 3 Feelings: Neurochemistry		

Tue	9/29	Unit 2 - Neuro Rhythms, Neurochemistry and Chapter 2.2; Chapter 3 Feelings: Drugs and Behavior
Thu	10/1	Unit 2 - Neuro Rhythms, Neurochemistry and Chapter 2.3; Chapter 10 Feelings: Bio Rhythms and Sleep (GUEST LECTURE - FERNANDA CUEVAS)
Tue	10/6	Unit 2 - Neuro Rhythms, Neurochemistry and Chapter 11 Feelings: Emotion
Thu	10/8	Unit 2 - Neuro Rhythms, Neurochemistry and Feelings: EXAM 2
Tue	10/13	Unit 3 - Sensation, Perception, and Action: Chapter 5.1 Somatosensory System
Thu	10/15	Unit 3 - Sensation, Perception, and Action: Chapter 5.1 Somatosensory System cont...
Tue	10/20	Unit 3 - Sensation, Perception, and Action: Chapter 5.2 Pain
Thu	10/22	Unit 3 - Sensation, Perception, and Action: Chapter 5.3 Action/Proprioception
Tue	10/27	Unit 3 - Sensation, Perception, and Action: 4 Chapter 6 Senses
Thu	10/29	Unit 3 - Sensation, Perception, and Action: 4 Chapter 6 Senses cont...
Tue	11/3	Unit 3 - Sensation, Perception, and Action: Chapter 7 Vision
Thu	11/5	Unit 3 - Sensation, Perception, and Action: EXAM 3
Tue	11/10	Unit 4 - Language, Learning, and Memory: Chapter 15 Language and Laterization
Thu	11/12	Unit 4 - Language, Learning, and Memory: Chapter 13 Learning and Memory
Tue	11/17	Unit 4 - Language, Learning, and Memory: Chapter 13 Learning and Memory cont...
Thu	11/19	Unit 4 - Language, Learning, and Memory: Chapter 4 Development
Tue	11/24	Unit 4 - Language, Learning, and Memory: Chapter 4 Development cont...
Thu	11/26	THANKSGIVING HOLIDAY - NO CLASS
Tue	12/1	Unit 4 - Language, Learning, and Memory: Final Exam Review
Thu	12/3	No Class
Tue	12/8	Final Exam - 8:30am
Thu	12/10	No Class

University/College Policies

Please see the University Policies below.

COVID-19 Related Policies

If you have tested positive for COVID-19, please refer to the Student Handbook, Appendix A (Attendance Rule) for instructions.

Required Class Attendance

Students are expected to attend every class in person (or virtually, if the class is online) and to complete all assignments. If you cannot attend class, it is your responsibility to communicate absences with your professors. The faculty member will decide if your excuse is valid and thus may provide lecture materials of the class. According to University policy, acceptable reasons for an absence, which cannot affect a student's grade, include:

- Participation in an authorized University activity.
- Death or major illness in a student's immediate family.
- Illness of a dependent family member.
- Participation in legal proceedings or administrative procedures that require a student's presence.
- Religious holy day.
- Illness that is too severe or contagious for the student to attend class.
- Required participation in military duties.
- Mandatory admission interviews for professional or graduate school which cannot be rescheduled.

Students are responsible for providing satisfactory evidence to faculty members within seven calendar days of their absence and return to class. They must substantiate the reason for the absence. If the absence is excused, faculty members must either provide students with the opportunity to make up the exam or other work missed, or provide a satisfactory alternative to complete the exam or other work missed within 30 calendar days from the date of absence. Students who miss class due to a University-sponsored activity are responsible for identifying their absences to their instructors with as much advance notice as possible.

Classroom Behavior (applies to online or Face-to-Face Classes)

In the classroom, students are expected to listen attentively, participate respectfully, and adhere to established rules. Behavior that interferes with the class lecture may result in disciplinary action, ensuring a productive and respectful learning environment for everyone. Any disputes over academic matters should be addressed calmly and constructively, ideally during designated times such as office hours or after class. If a student does not agree with a decision, they can request a meeting with the instructor to discuss their concerns in more detail. Should further resolution be needed, the student may escalate the matter to the department head or use formal grievance procedures as outlined in the sections below. (please refer to Student Handbook Article 4 (<https://www.tamui.edu/handbook/article-04.shtml>)).

TAMIU Honor Code: Plagiarism and Cheating

As a TAMIU student, you are bound by the TAMIU Honor Code to conduct yourself ethically in all your activities as a TAMIU student and to report violations of the Honor Code. Please read carefully the Student Handbook Article 7 and Article 10 available at Student Handbook (<https://www.tamui.edu/handbook/index.shtml>).

We are committed to strict enforcement of the Honor Code. Violations of the Honor Code tend to involve claiming work that is not one's own, most commonly plagiarism in written assignments and any form of cheating on exams and other types of assignments.

Plagiarism is the presentation of someone else's work as your own. It occurs when you:

1. Borrow someone else's facts, ideas, or opinions and put them entirely in your own words. You must acknowledge that these thoughts are not your own by immediately citing the source in your paper. Failure to do this is plagiarism.
2. Borrow someone else's words (short phrases, clauses, or sentences), you must enclose the copied words in quotation marks as well as citing the source. Failure to do this is plagiarism.
3. Present someone else's paper or exam (stolen, borrowed, or bought) as your own. You have committed a clearly intentional form of intellectual theft and have put your academic future in jeopardy. This is the worst form of plagiarism.

Here is another explanation from the 2020, seventh edition of the Manual of The American Psychological Association (APA):

"Plagiarism is the act of presenting the words, idea, or images of another as your own; it denies authors or creators of content the credit they are due. Whether deliberate or unintentional, plagiarism violates ethical standards in scholarship" (p. 254). This same principle applies to the illicit use of AI.

Plagiarism: Researchers do not claim the words and ideas of another as their own; they give credit where credit is due. Quotations marks should be used to indicate the exact words of another. Each time you paraphrase another author (i.e., summarize a passage or rearrange the order of a sentence and change some of the words), you need to credit the source in the text. The key element of this principle is that authors do not present the work of another as if it were their own words. This can extend to ideas as well as written words. If authors model a study after one done by someone else, the originating author should be given credit. If the rationale for a study was suggested in the discussion section of someone else's article, the person should be given credit. Given the free exchange of ideas, which is very important for the health of intellectual discourse, authors may not know where an idea for a study originated. If authors do know, however, they should acknowledge the source; this includes personal communications (p. 11). For guidance on proper documentation, consult the Academic Success Center or a recommended guide to documentation and research such as the

Manual of the APA or the MLA Handbook for Writers of Research Papers. If you still have doubts concerning proper documentation, seek advice from your instructor prior to submitting a final draft.

TAMIU has penalties for plagiarism and cheating.

- **Penalties for Plagiarism:** Should a faculty member discover that a student has committed plagiarism, the student should receive a grade of 'F' in that course and the matter will be referred to the Honor Council for possible disciplinary action. The faculty member, however, may elect to give freshmen and sophomore students a "zero" for the assignment and to allow them to revise the assignment up to a grade of "F" (50%) if they believe that the student plagiarized out of ignorance or carelessness and not out of an attempt to deceive in order to earn an unmerited grade; the instructor must still report the offense to the Honor Council. This option should not be available to juniors, seniors, or graduate students, who cannot reasonably claim ignorance of documentation rules as an excuse. For repeat offenders in undergraduate courses or for an offender in any graduate course, the penalty for plagiarism is likely to include suspension or expulsion from the university.
 - *Caution:* Be very careful what you upload to Turnitin or send to your professor for evaluation. Whatever you upload for evaluation will be considered your final, approved draft. If it is plagiarized, you will be held responsible. The excuse that "it was only a draft" will not be accepted.
 - *Caution:* Also, do not share your electronic files with others. If you do, you are responsible for the possible consequences. If another student takes your file of a paper and changes the name to his or her name and submits it and you also submit the paper, we will hold both of you responsible for plagiarism. It is impossible for us to know with certainty who wrote the paper and who stole it. And, of course, we cannot know if there was collusion between you and the other student in the matter.
- **Penalties for Cheating:** Should a faculty member discover a student cheating on an exam or quiz or other class project, the student should receive a "zero" for the assignment and not be allowed to make the assignment up. The incident should be reported to the chair of the department and to the Honor Council. If the cheating is extensive, however, or if the assignment constitutes a major grade for the course (e.g., a final exam), or if the student has cheated in the past, the student should receive an "F" in the course, and the matter should be referred to the Honor Council. Additional penalties, including suspension or expulsion from the university may be imposed. Under no circumstances should a student who deserves an "F" in the course be allowed to withdraw from the course with a "W."
 - *Caution:* Chat groups that start off as "study groups" can easily devolve into "cheating groups." Be very careful not to join or remain any chat group if it begins to discuss specific information about exams or assignments that are meant to require individual work. If you are a member of such a group and it begins to cheat, you will be held responsible along with all the other members of the group. The TAMIU Honor Code requires that you report any such instances of cheating.
- **Student Right of Appeal:** Faculty will notify students immediately via the student's TAMIU e-mail account that they have submitted plagiarized work. Students have the right to appeal a faculty member's charge of academic dishonesty by notifying the TAMIU Honor Council of their intent to appeal as long as the notification of appeal comes within 10 business days of the faculty member's e-mail message to the student and/or the Office of Student Conduct and Community Engagement. The Student Handbook provides more details.

Use of Work in Two or More Courses

You may not submit work completed in one course for a grade in a second course unless you receive explicit permission to do so by the instructor of the second course. In general, you should get credit for a work product only once.

AI Policies

Your instructor will provide you with their personal policy on the use of AI in the classroom setting and associated coursework.

TAMIU E-Mail and SafeZone

Personal Announcements sent to students through TAMIU E-mail (tamiu.edu or dusty email) are the official means of communicating course and university business with students and faculty –not the U.S. Mail and no other e-mail addresses. Students and faculty must check their TAMIU e-mail accounts regularly, if not daily. Not having seen an important TAMIU e-mail or message from a faculty member, chair, or dean is not accepted as an excuse for failure to take important action.

Students, faculty, and staff are encouraged to download the SafeZone app, which is a free mobile app for all University faculty, staff, and students. SafeZone allows you to: report safety concerns (24/7), get connected with mental health professionals, activate location sharing with authorities, and anonymously report incidents. Go to SafeZone (<https://www.tamiu.edu/adminis/police/safezone/index.shtml>) for more information.

Copyright Restrictions

The Copyright Act of 1976 grants to copyright owners the exclusive right to reproduce their works and distribute copies of their work. Works that receive copyright protection include published works such as a textbook. Copying a textbook without permission from the owner of the copyright may constitute copyright infringement. Civil and criminal penalties may be assessed for copyright infringement. Civil penalties include damages up to \$100,000; criminal penalties include a fine up to \$250,000 and imprisonment. Copyright laws do not allow students and professors to make photocopies of copyrighted materials, but you may copy a limited portion of a work, such as article from a journal or a chapter from a book for your own personal academic use or, in the case of a professor, for personal, limited classroom use. In general, the extent of your copying should not suggest that the purpose or the effect of your copying is to avoid paying for the materials. And, of course, you may not sell these copies for a profit.

Thus, students who copy textbooks to avoid buying them or professors who provide photocopies of textbooks to enable students to save money are violating the law.

Students with Disabilities

Texas A&M International University seeks to provide reasonable accommodations for all qualified persons with disabilities. This University will adhere to all applicable federal, state, and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal education opportunity. It is the student's responsibility to register with the Office of Disability Services for Students located in Student Center 124. This office will contact the faculty member to recommend specific, reasonable accommodations. Faculty are prohibited from making accommodations based solely on communications from students. They may make accommodations only when provided documentation by the Office of Disability Services for Students.

For accommodations or assistance with disabilities, contact the Disability Coordinator, Karla Pedraza, at karla.pedraza@tamiu.edu, call 956.326.2763, or visit Student Center 124.

Student Attendance and Leave of Absence (LOA) Policy

As part of our efforts to assist and encourage all students towards graduation, TAMIU provides LOA's for students, including pregnant/parenting students, in accordance with the Attendance Rule (Section 3.07) and the Student LOA Rule (Section 3.08), which includes the "Leave of Absence Request" form. Both rules can be found in the TAMIU Student Handbook (URL: [Student Handbook \(https://www.tamiu.edu/handbook/index.shtml\)](https://www.tamiu.edu/handbook/index.shtml)).

Pregnant and Parenting Students

Under Title IX of the Education Amendments of 1972, harassment based on sex, including harassment because of pregnancy or related conditions, is prohibited. A pregnant/parenting student must be granted an absence for as long as the student's physician deems the absence medically necessary. It is a violation of Title IX to ask for documentation relative to the pregnant/parenting student's status beyond what would be required for other medical conditions. Students who experience or observe alleged or suspected discrimination due to their pregnant/parenting status, should report to the TAMIU Title IX Coordinator (Lorissa M. Cortez, 5201 University Boulevard, KLM 159B, Laredo, TX 78041, TitleIX@tamiu.edu, 956.326.2857) and/or the Office of Civil Rights (Dallas Office, U.S. Department of Education, 1999 Bryan Street, Suite 1620, Dallas, TX 75201-6810, 214.661.9600). You can also report it on TAMIU's anonymous electronic reporting site, *Report It*, at <https://www.tamiu.edu/reportit> (<https://www.tamiu.edu/reportit/index.shtml>).

TAMIU advises a pregnant/parenting student to notify their professor once the student is aware that accommodations for such will be necessary. It is recommended that the student and professor develop a reasonable plan for the student's completion of missed coursework or assignments. The Office of Compliance (Lorissa M. Cortez, lorissam.cortez@tamiu.edu) can assist the student and professor in working out the reasonable accommodation. For other questions or concerns regarding Title IX compliance related to pregnant/parenting students, contact the Title IX Coordinator. In the event that a student needs a leave of absence for a substantial period of time, TAMIU urges the student to consider a Leave of Absence (LOA) as outlined in the TAMIU *Student Handbook*.#As part of our efforts to assist and encourage all students towards graduation, TAMIU provides LOAs for students, including pregnant/parenting students, in accordance with the Attendance Rule and the Student LOA Rule.#Both rules can be found in the TAMIU *Student Handbook*.

For parenting-related rights, accommodations, and resources, contact the Parenting Liaison, Mayra Hernandez, at mghernandez@tamiu.edu, call 956.326.2265, or visit Student Center 226.

For pregnancy-related rights, accommodations, and resources, contact the TIX Coordinator, Lorissa Cortez, at lorissam.cortez@tamiu.edu, call 956.326.2857, or visit Killam Library 159.

Anti-Discrimination/Title IX

TAMIU does not discriminate or permit harassment against any individual on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, educational programs, or employment. If you would like to file a complaint relative to Title IX or any civil rights violation, please contact the TAMIU Director of Equal Opportunity and Diversity/Title IX Coordinator, Lorissa M. Cortez, 5201 University Boulevard, Killam Library 159B, Laredo, TX 78041, TitleIX@tamiu.edu, 956.326.2857, via the anonymous electronic reporting website, *ReportIt* (<https://www.tamiu.edu/reportit>) and/or the Office of Civil Rights (Dallas Office), U.S. Department of Education, 1999 Bryan Street, Suite 1620, Dallas, TX 75201-6810, 214.661.9600.

Incompletes

Students who are unable to complete a course should withdraw from the course before the final date for withdrawal and receive a "W." To qualify for an "incomplete" and thus have the opportunity to complete the course at a later date, a student must meet the following criteria:

1. The student must have completed 90% of the course work assigned before the final date for withdrawing from a course with a "W", and the student must be passing the course;

2. The student cannot complete the course because an accident, an illness, or a traumatic personal or family event occurred after the final date for withdrawal from a course;
3. The student must sign an "Incomplete Grade Contract" and secure signatures of approval from the professor and the college dean.
4. The student must agree to complete the missing course work before the end of the next long semester; failure to meet this deadline will cause the "I" to automatically be converted to an "F"; extensions to this deadline may be granted by the dean of the college. This is the general policy regarding the circumstances under which an "incomplete" may be granted, but under exceptional circumstances, a student may receive an incomplete who does not meet all of the criteria above if the faculty member, department chair, and dean recommend it.

WIN Contracts

The Department of Biology and Chemistry does not permit WIN contracts. For other departments within the college, WIN Contracts are offered only under exceptional circumstances and are limited to graduating seniors. Only courses offered by full-time TAMIU faculty or TAMIU instructors are eligible to be contracted for the WIN requirement. However, a WIN contract for a course taught by an adjunct may be approved, with special permission from the department chair and dean. Students must seek approval before beginning any work for the WIN Contract. No student will contract more than one course per semester. Summer WIN Contracts must continue through both summer sessions.

Student Responsibility for Dropping a Course

It is the responsibility of the student to drop the course before the final date for withdrawal from a course. Faculty members, in fact, may not drop a student from a course without getting the approval of their department chair and dean.

Independent Study Course

Independent Study (IS) courses are offered only under exceptional circumstances. Required courses intended to build academic skills may not be taken as IS (e.g., clinical supervision and internships). No student will take more than one IS course per semester. Moreover, IS courses are limited to seniors and graduate students. Summer IS course must continue through both summer sessions.

Grade Changes & Appeals

Faculty are authorized to change final grades only when they have committed a computational error or an error in recording a grade, and they must receive the approval of their department chairs and the dean to change the grade. As part of that approval, they must attach a detailed explanation of the reason for the mistake. Only in rare cases would another reason be entertained as legitimate for a grade change. A student who is unhappy with his or her grade on an assignment must discuss the situation with the faculty member teaching the course. If students believe that they have been graded unfairly, they have the right to appeal the grade using a grade appeal process in the Student Handbook and in the Faculty Handbook.

Final Examination

All courses in all colleges must include a comprehensive exam or performance and be given on the date and time specified by the Academic Calendar and the Final Exam schedule published by the Registrar's Office. In the College of Arts & Sciences all final exams must contain a written component. The written component should comprise at least 20% of the final exam grade. Exceptions to this policy must receive the approval of the department chair and the dean at the beginning of the semester.

Mental Health and Well-Being

The university aims to provide students with essential knowledge and tools to understand and support mental health. As part of our commitment to your well-being, we offer access to Telus Health, a service available 24/7/365 via chat, phone, or webinar. Scan the QR code to download the app and explore the resources available to you for guidance and support whenever you need it. The Telus app is available to download directly from TELUS (tamiu.edu) (<https://www.tamiu.edu/counseling/telus/>) or from the Apple App Store and Google Play.
