Educator Preparation Program (EPP)

The College of Education Educator Preparation Programs is accredited by the State Board for Educator Certification. Accreditation status is based on accountability standards as established by the Texas Education Agency.

The most recent Title II accountability data is available at the following website: <https://title2.ed.gov/Public/Home.aspx>. Additional information is available upon request from the Teacher Certification Office.

Teacher candidates may choose to work toward certification at the following levels:

1. Early Childhood through Grade 6 (EC-6)
2. Grades 7-12, Secondary Certification
3. All-level Certification

Certification programs are field-based and include performance-based assessments tasks, which coincide with coursework.

Each certification program is highly integrated with field-based experiences, requiring teacher candidates, cooperating teachers, public school administrators, and University faculty to work collaboratively at designated campuses. Teacher candidates enrolled in the program are assigned to cooperating teachers at specified elementary or secondary public schools during student teaching. Field based experiences represent a continuum of early field experiences through full time teaching. Early field experiences are introductory experiences for a classroom teacher certification candidate involving, at the minimum, reflective observation of Early Childhood-Grade 12 students, teachers, and faculty/staff members engaging in educational activities in a school setting. Clinical teaching is the capstone experience. This experience is a supervised educator assignment through an educator preparation program at a public school accredited by the Texas Education Agency (TEA) or other school approved by the TEA for this purpose that may lead to completion of a standard certificate. The assignment involves an extended placement in an EC-12 environment for a minimum of 14 weeks (no fewer than 70 full days), with a full day being 100% of the school day.

Background Checks

As part of the EPP, candidates are required to pass background checks to be eligible for field-based experiences (observation hours), clinical teaching (student teaching), and applying for their standard teaching certificate.

Pursuant to the Texas Education Code TEC, §22.0835, candidates must undergo a criminal history background check prior to student teaching; and pursuant to the TEC, §22.083, candidates must undergo a criminal history background check prior to employment as an educator. A candidate may be ineligible for issuance of a certificate on completion of the EPP if an individual has been convicted of an offense.

A person who is enrolled or planning to enroll in an educator preparation program or planning to take a certification examination may request a preliminary criminal history (https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/) evaluation letter regarding the person's potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

Requirements for Social Security Numbers

Effective August 1, 2015, MorphoTrust, the Texas Department of Public Safety fingerprinting vendor, can no longer utilize P-numbers for completion of the fingerprinting process. As a result, candidates attempting to be fingerprinted using a non-valid 9-digit number will not be allowed to complete the fingerprinting process, which required for the background check necessary for

teacher certification in Texas. Information for international students is available at the Social Security Administration (<https://www.ssa.gov/>).

Admission

Continuation of Undergraduate Enrollment for Students Admitted to the COE

Standard of Progress

Teacher candidates must earn a “C” or better in all education courses. Any teacher candidate earning less than a “C” in a prerequisite course must repeat the failed course *before* enrolling in subsequent courses.

A teacher candidate may enroll in the same undergraduate course a maximum of three (3) times in order to obtain a “C” or better. After the third unsuccessful attempt to earn a “C” or better in a course, the teacher candidate must change program/major. When teacher candidates change their program/major, all current program/major admission requirements must be met.

To be eligible to enroll in EDCI 4693 Student Teaching, teacher candidates must fulfill the following:

- have a TAMIU GPA of 2.75 *and* a TAMIU GPA of 2.75 in the specialization/major;
- complete all degree plan courses with a grade of “C” or better;
- pass the content/specialization/major TExES Certification Exams; and
- submit an application for Student Teaching in the office of the Director.

Teacher candidates who are unable to meet admission requirements for EDCI 4693 Student Teaching may complete the Bachelor of Science in Elementary Education and Teaching by substituting 9 SCH of approved coursework.

All teacher candidates must maintain a TAMIU GPA of 2.75 or higher to remain in good standing and to graduate. Any teacher candidate who receives less than a 2.75 GPA is subject to academic probation.

Overloads

Overloads will only be approved for TAMIU GPAs of 3.0 or higher and approval of the Department Chair and Dean.

Academic Probation

Once fully admitted to the College of Education, a 2.75 GPA must be maintained each semester to remain in good standing. A teacher candidate is on academic probation if the GPA falls below. Notification of academic probation is through the Dean's office. Teacher candidates must enroll in and repeat those courses in which the teacher candidate earned a less than satisfactory grade, before subsequent or new courses are taken.

Academic Suspension

A teacher candidate who is on probation and continues to receive less than a TAMIU GPA of 2.75 in a subsequent semester will be suspended by the College of Education. A teacher candidate who has been suspended for academic reasons may not petition the College of Education for readmission until one long semester has elapsed. Summer sessions are considered short terms and thus must not be supplanted for a long term. A teacher candidate suspended for any reason will be subject to those criteria and guidelines specified in the University Catalog and required by the major, College of Education, and/or Texas Education Agency in effect at the **time of readmission**. Enrollment waivers for teacher candidates on suspension will not be granted. When a teacher candidate returns from suspension, the teacher candidate *must enroll*

in and repeat those courses in which the teacher candidate earned a less than satisfactory grade, *before subsequent or new courses are taken*.

Teacher Certification

For state approved programs leading to certification, as the state implements new requirements for certification, they will become compulsory at the time required with or without notice in this catalog. Candidates in these programs/majors have sole responsibility to comply with requirements for certification and to keep current with changes in certification requirements. Candidates enrolled in certification programs will need to obtain a fingerprint clearance and may be subject to a criminal background check.

Before teacher candidates may be recommended for taking the state certification exams, they must take and demonstrate readiness on a practice exam in the area of certification sought.
